***To be completed by diagnosing physician:***

The following student \_\_\_\_\_ has asked to register with the Access, Disability Services, and Resources at Emory University. ADSR requires documentation of the student's disability in order to establish eligibility and provide appropriate services.

Under the Americans with Disabilities Act (ADA) 1990 and Section 504 of the Rehabilitation Act of 1973, students are protected from discrimination and may be entitled to reasonable accommodations. In compliance with the requirements set forth, this form is to verify that a disability exists and accompanying the disability are functional limitations. A diagnosis of disorder in and of itself does not automatically qualify an individual for accommodations; documentation must also support the request for accommodations and/ or services.

The information you provide will not become a part of the student's academic records, but will be kept confidential, and placed into the student's file at ADSR. Indicated by the signature below, the student has given permission to release information to Emory University.
