Study Abroad Accommodation Letter Request - ONLY

Students registered with Access, Disability Services and Resources must request an updated Accommodation Notification Letter to notify professors of their disability related accommodation needs. Students with disabilities who plan to study abroad are advised to request and present these letters to their OISP advisor so that accommodations can be provided in a timely manner.

To request your letter, please complete this brief survey:

[Study Abroad Accommodation Letter Request Form](#)

If you are seeking any accommodation that is not listed on your original letter, please contact adsrstudent@emory.edu or adsroxford@emory.edu to schedule an appointment. Changes to your accommodation letters need to be discussed with ADSR staff to determine if more information is needed.

Thank you in advance for your cooperation.
