Accommodation Letter Request

Students registered with the Office of Accessibility Services must request an updated Accommodation Notification Letter to notify professors of their disability related accommodation needs.

Students with disabilities who utilize classroom accommodations are advised to request and present these letters during the first week of each semester so that accommodations can be provided in a timely manner.

To request your letter, please complete this brief survey:

[Fall 2017 Accommodation Letter Requests](#)

If you are seeking any accommodation that is not listed on your original letter, please contact accessibility@emory.edu or oas_oxford@emory.edu to schedule an appointment. Changes to your accommodation letters need to be discussed with Accessibility Services staff to determine if more information is needed.

Thank you in advance for your cooperation.
